## Shipping & Warranty

Shipping is free on orders of 50 lbs. or more of coffee. Shipping discounts do not apply to product.

### Shipping within the Black Hills Area

We do truck deliveries to the Northern Hills areas on Wednesdays and to the Southern Hills on Thursdays. We deliver in Rapid City on Thursdays. Our delivery area does not currently include Hot Springs. We also use Rapid Delivery for next day service in the Black Hills & Newcastle area.

### Shipping out of the Black Hills Area

We use UPS Ground for regular deliveries. Pick-up is Monday-Friday at 3 pm Mountain Time. Within our 5 state region, most areas are a 1-2 day delivery, which does not include weekends. Orders of 100 lbs. and more can usually be more economically shipped by truck. If your ordering habits would fall in that range, we would be happy to arrange for truck delivery.

### Warranty

Products damaged during transport will be replaced free of charge, with proof of damage, such as a UPS damage report. **All damage or other order problems, should be reported within 24 hours of delivery.** Your satisfaction is always guaranteed, and if a product is not what you expected, or up to your expectations, we will replace it or issue a refund or credit. We will not, however, take back orders due to a change of mind. Our coffees are roasted and packaged to order specifications and once produced, payment is expected.
