

Rapid City Rush Geo-Fencing

– Case Study –

Geo Fencing

Geo-Fencing was a developing advertising media making a splash nationally but was relatively unexplored locally.

Military Geo-Fencing AD

Results

We ran a mobile geo-fencing campaign from August to December 2015, geo-fencing Ellsworth Air Force Base and South Dakota National Guard's Camp Rapid serving ads to people located within those locations. The display ads drove them to a custom ticket sales landing page with military discounts.
